

Fall Faith Formation Opportunity:

"Greatest Prayer" Book Discussion

John Dominic Crossan begins his book naming The Lord's Prayer as both the GREATEST prayer and the STRANGEST prayer (used by Christians everywhere, across a broad spectrum of theological beliefs.) On October 6, we began to explore Crossan's claim that it is "a radical manifesto and a hymn of hope for all humanity in language addressed to all the earth." We began with sharing stories about our experiences and memories of praying The Lord's Prayer. We started to examine Crossan's call to 'rediscover the revolutionary message' of this prayer, used by Christians of every type, but often in rote ways.

You are invited to join with other Keystone folks for six weeks to sharpen and strengthen our study of distributive justice and consider the depth of meanings of the prayer we share each week in our Keystone worship.
